OBJECTIVE

A highly motivated 23-year-old with a Master's degree in Computer and Communication Engineering, seeking opportunities to gain professional experience and enhance my programming skills. I am a quick learner and dedicated worker, eager to contribute and grow in a dynamic environment.

EDUCATION

Master's Degree in Computer and Communication Engineering, Lebanese International University

LEBANON, June 2024

Bachelor of Science degree in Communication Engineering, Lebanese International University

LEBANON, June 2022

LEBANESE BACCALAUREATE GENERAL SCIENCES, IMAN SCHOOL

LEBANON, 2018

EXPERIENCE

- Completed relevant courses and possess knowledge in React, Next and Angular for front-end Web development and Flutter for App development.
- Created some small projects using React, Next Js and Flutter such as E-Commerce, restaurant and Marvel Api (You can access these projects on my GitHub repository).
- Seven-month internship at a Salesforce customer company, I developed Apex classes using (Java). These classes enabled me to create queries for selecting, updating, and deleting data (SOQL Database). I also successfully built web pages using Lightning Web Components (LWC), incorporating HTML, CSS, and JavaScript for the front end. Additionally, I utilized Apex to for data import and backend operations.
- Making an Internship in Ogero Company for two months in these two months I learn more about telecom career and Fiber Optic.
- Seven-month internship at Consolidated Consultancy Group for which I learn how to configure a cisco (switch, Router and firewall) and how to create Domaine Server and add a computer into it. Skilled in formatting and fixing computers, improving the overall performance of the IT system.
- Made a Restaurant website project using HTML, CSS, JavaScript, MySQL, PHP.
